## Mpata Gorge Tiger Fishing Safari – Tamarindtree River Lodge

**Destination:** Mupata Gorge – Tamarindtree River Lodge, Lower Zambezi.

**Season:** September – November

**Accommodation:** 8 bed luxury en-suited fishing lodge

**Lodge details:** Tamarind Tree Lodge accommodation consists of 2 stone chalets with 4 en suite bedrooms nestled on the banks of the Zambezi River a 10 minute boat drive from the Lower Zambezi National Park. The lodge over looks the majestic Red Cliffs.

The river extends the length of the property and there are breathtaking views over the water with sightings of buffalo, elephant, hippo and crocodile.

**Angling (species and methods):** Tiger fish, numerous bream spp, chessa, nkupe, cornish jack, bottle nose and giant Vundu. Fly fishing in the Mupata Gorge is world class. This venue offers fly fisherman a good chance of landing trophy tigers of over 15lb. Art lure and live baiting are also very effective and popular fishing methods on this stretch of water.

**Pick up and drop off point:** Lusaka

**Other activities:** Sundowner cruises and game walks and game cruising.

**Mupata Gorge:**

Mupata Gorge is a fly fisherman's heaven. The dynamic fast flowing water, dotted and flanked with sand banks, rocky islands, big eddies and deep pools provide fly fisherman a myriad of fishable lies in which to target trophy tiger fish on fly.

This venue differs from most on the Zambezi (both Upper and Lower) in that the waters fished have the characteristics of more technical river fishing, yet on a far bigger scale. Due to the 'tight' nature and structure-rich waters of the Zambezi as it flows through the Gorge, fly fishermen are kept busy casting into productive lies.
